

SKYFALL 2 CONFERENCE

Salvation Army Church, 85 Whites Way, Southampton SO30 2GL

Saturday 28th April 2018

SESSION THREE

Signs and Significance of the Times

1. Delegates Outline of session

Where do the Signs fit in within the End Times Chronology?

I want to consider the prophetic time chart included in our book God's Glorious Promise, now on the Power Point. I am referring to the end of the Church Age and the Rapture of the Church. The Rapture (I Thessalonians 4:16-17). This theological position is known as the PRE-TRIBULATION RAPTURE. Not all of the Church agrees with this view but is the one that Roger and I hold to. We feel, along with many others in the prophetic movement that the Rapture will immediately give rise to the SEVEN-year TRIBULATION period. This will be prefaced by a Russia led invasion of Israel (WW3). Our understanding of this comes from the Old Testament prophet Ezekiel (ch38) and the Book of Revelation (6:3-4). Paul tells the Thessalonians to encourage each other with the revelation that no believer will miss out on the Rapture, whether alive or dead. We should be encouraged too. I believe that the signs and events that Jesus taught the disciples in Matthew 25 are in the context of His second coming. To this extent some of the signs pointing to the Second Coming spoken by Jesus to the disciples 25:37-44 would also be apparent in some form before the Rapture. These and other current events form the basis of this talk.

Interpretation and application for this Conference

It is important to discern how some of the 'signs' of the Second Coming will manifest themselves in the Church, global religious movements, international and national law and in cultures.

The signs that from part of this presentation include:-

- ❖ The Religion of Rights
- ❖ Signs in the Middle East
- ❖ Signs in the Church
- ❖ Signs in Society – Religious Liberty
- ❖ Unrighteousness – sexual immorality - Abortion
- ❖ Anti-Semitism
- ❖ Disunity in the Church
- ❖ Identity – identity in Christ/False identity
- ❖ LBGT – The liberation of true belief
- ❖ Intolerance
- ❖ CERN – Cognitive AI – the true agenda

These signs compliment or expand upon those listed in my book. Anti-Semitic events, spiritual disobedience, challenges to truth and the Christian faith are growing daily. More facts are emerging all the time.....and all the more as we see the day approaching of the soon coming of the only Saviour of the world.

THE SIGNIFICANCE OF THE TIMES

I rather liked the prophetic headline from Nick Robinson "The Age of Insecurity" (BBC Political Editor) writing in the Sunday Mail on December 31st 2017. He said, and I quote, *It's not just the battle of Brexit. From Robots stealing jobs, to mob rule online – and even what it means to be a man or a woman, 2018 will be a year of instability and uncertainty. And the truly troubling part? Our so-called leaders have never been more impotent.* As he commented elsewhere in his article our reactions to tragedy, Brexit negotiations, Prince Harry's engagement and other news is, OMG,

LOL or WTF. He comments that after the election people stopped listening and started to shout instead. The mob which he says, gathers on the digital street corner is fuelled by gossip, not facts, emotion rather than analysis and prejudice instead of knowledge. I agree with his view from a Christian viewpoint because it has become very hard to have a clear and cool-headed discussion these days about anything, even Christian theology and pastoral practice.

The Religion of Rights

Consider also this statement made by Roger Scruton interviewed on the BBC Points of View "European society", says Sir Roger Scruton, "is rapidly jettisoning its Christian heritage and has found nothing to put in its place save the religion of human rights".

But, he argues, this new "religion" delivers one-sided solutions since rights favour the person who can claim them - whatever the moral reasons for opposing them.

He says Europe needs to rediscover its Christian roots. For a full account of his Point of View on BBC 4

Signs in the Middle East

"Iran has built another military base outside of Damascus, complete with hangars used to store missiles capable of hitting all of Israel".By: World Israel News Staff

In terms of biblical prophecy, we can see in this present day, that Jerusalem has become "a cup of drunkenness to the surrounding peoples, when they lay siege against Judah and Jerusalem. And it shall happen in that day that I will make Jerusalem a very heavy stone for all peoples; all who would heave it away will surely be cut to pieces, though all nations of the earth are gathered against it." Zechariah 12:1-3. Surely Donald Trump's support for Jerusalem as capital of Israel and the USA plan to site its embassy there, have been used by the Lord to fulfil this prophetic word?

Signs in the Church

The Christian church in the West is in disarray with many leaving or moving around looking for firm and Biblical leadership, in these days.

Disunity in the Church

The issues discussed above have caused splits in the American Episcopalian Church so that now the evangelical Bible believing Anglicans are in a separate Church, called the Anglican Church of North America. This split has been caused by the LGBT issues and the decision of the Episcopalians to perform same sex marriages. The UK Anglican Church is also split over the same and additional issues like 'Conversion Therapy' (See Chapter Three of "Where are we Heading?") and may well become a separate denomination formed by Anglican evangelical clergy and laity. This intention was published online by Anglican Ink on 21st July 2017

Religious Liberty

The Spiritual war is increasing in intensity and breadth. We must only look at what is happening in our nation to see how the battle is joined. Already last year, a British court convicted two street preachers of a public order offence for preaching the Bible in public. The Crown Prosecution Service (CPS) prosecutor in the case claimed that publicly quoting parts of the King James Bible in modern Britain should 'be considered as abusive and is a criminal matter'. The conclusion being that The Bible is 'criminal'. If that is true then so must be the practice of Christianity. I am so pleased that the battle is not ours but is the Lord's and evil will not prosper but righteousness will prevail. Halleluiah! Since then the High Court have overturned the charges and affirmed the truth of the Bible for Christians.

I end this section by quoting the Barnabas Fund statement contained on Page 2 of their report:

We believe that, as a nation, the UK has again left the pathways of God.

We have forsaken His laws, and we are faced with the possibility of the lampstand being removed from our country (Revelation 2:5). With this

will probably come the loss of our fundamental religious freedoms. Yet we believe it is not too late. We believe that we are still, as a nation, in the hands of our sovereign

Lord, that it is He who will determine our destiny.

Meanwhile we, as His people, must, like Nehemiah of old, pray, build and be equipped and ready to respond to every kind of attack (Nehemiah 4). Finally, we must heed the words of 2 Chronicles

7:14 "If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways. then I will hear from heaven. and I will forgive their sin and

will heal their land." (NIV)

Unrighteousness

The situation in Europe and the rest of the Western world is not much different from that of Canada under Trudeau. The Bible tells us that "**righteousness raises a nation up.**" (Proverbs 14:34) If that is true, then the opposite is also true, as the text goes on to say – sin and unrighteousness will bring a nation down.

Sexual immorality is rampant, and it comes from the heart (Matthew 15:19 & Galatians 5:19-21). LGBTQ an anti-social and anti-Christian group representing less than 5% of the population now controls the agenda for school and pre-school curricula and has huge influence in the media, particularly the BBC. LGBT, is an initialism that stands for lesbian, gay, bisexual, and transgender. In use since the 1990s, the term is an adaptation of the initialism LGB, which was used to replace the term 'gay' in reference to the LGBT community beginning in the mid-to-late 1980s. Activists believed that the term 'gay community' did not accurately represent all those to whom it referred (Wikipedia). This same group have been behind same sex marriage, gay pride, gender choice and transgender lifestyles. Anyone watching their antics and verbal violence against anyone who disagrees with their lifestyle choice would be forgiven for thinking that they are a majority group instead of a minor one.

Murder of babies (Leviticus 20:2 & 1 Kings 11:33)– proposed changes to Abortion Act will make this more so when Abortion is decriminalised and particularly following the British Medical Association (BMA) decision to support abortion at any stage in gestation of the foetus. A decision that is truly grotesque and against the Hippocratic Oath. According to the BBC www.bbc.co.uk/ethics/abortion, the abortion debate asks whether it can be morally right to terminate a pregnancy before normal childbirth.

Anti-Semitism. Many nations and governments, particularly Arab nations and liberal democracies are against Israel and the Jewish people. Genesis 12:3 makes it clear that those who curse Israel (the people) will be cursed by God. This effectively means judged and cast into the eternal lake of fire. Zechariah 9:8 makes it clear that God is watching out for Israel (both the people and the Land). Zechariah 14 reveals that God will judge those nations that have attacked Israel and defeat them on the day of Jesus return. A Media article on 31st January 2018 reported [Anti-Jewish sentiment 'becoming more common in Britain'](#)

Identity in Christ – ID2020 Alliance

In [Matthew 16:13](#) we read,¹³When Jesus came to the region of Caesarea Philippi, he asked his disciples, "Who do people say the Son of Man is?" Jesus, of course, knew very well who he was, but wanted to test Simon on His belief. One vital teaching that comes out of this question is that of our identity because our identity as Christians is inextricably tied into Christ. What Satan seeks to do is to steal that away from us. If he is successful, then we will be destroyed and die. (John 10:10) On the other hand identity in Jesus brings eternal life and fulness and wholeness.

Intolerance

In an interesting article by Rev Stephen Green of Christian Voice posted two weeks ago, he links homosexuality with religious hatred and brutality. The article focuses on Ex-gay Voices which are being silenced through hatred, violence and intimidation. He quotes the example of an Ex-gay movie 'Voices of the Silenced' was due to be shown at Vue Cinema Piccadilly Circus. Premier radio reported that the venue booking was cancelled because, suddenly, the film contradicted the values of the Vue Cinema.

Anthony Patch - 1 of 2 - Cognitive A.I., CERN, 5G Wi-Fi, Quantum Computing, & Tesla

The news from CERN has moved from bad to worse. One of the facts to emerge with some credibility is that relating to the purpose of CERN. In 2 Peter 3: is that scoffers will argue against Biblical teaching concerning the End Times and against Creation. Evolution has had a big voice in education, science and religion for the past 50 years, peddling the myths and lies of evolution and conditioning many people, both young and old to believe that there is no creator God, and that the Bible claims are suspect. God has been raising up many groups to bring forward the biblical and scientific arguments for the Creation account.

Quantum Pollution – from a parallel reality at CERN of another spiritual power that is being affected by the work at CERN. This same Patch is the evil power of the devil who is openly

directed by the work at CERN. This says Satan, is the evil power of the devil who is openly worshipped in pagan festivals in both Switzerland and France and, furthermore, he says that there is evidence that the original spiritual atmosphere at CERN has been polluted through changes in and to the Cognitive Artificial Intelligence processes.
